

WNTC Will Continue to Interview Personalities of Carnival Weekend

by BOB MENNE

Although Carnival Weekend has passed, WNTC has been continuing the spirit of the festival by interviewing many of the important personalities who contributed their talents and efforts to the gala affair. Notable among those interviewed was Miss Dottie Grover who dazzled her audiences at each performance of the Minto Follies. When questioned by Jim McHarg, Dottie furnished an interesting background of her life in which she recalled her first acquaintances with baton-twirling, and her extensive modeling career. Miss Grover also mentioned that she was very much impressed by the large scope of our carnival and the great enthusiasm displayed by all the participating students.

Also interviewed were the co-chairmen of this year's Ice Carnival Committee, Dick McGee, and Vito Wheeler, in which they told of the many problems encountered and the experiences behind the scenes in staging the carnival. They also outlined several of the propositions that are under consideration in order to make next year's festival bigger and better than ever.

Soon to be on the agenda will be the Queen and King who presided during the activities, to recount for the listening audience their special emotions and reactions to the festivities.

Inventory was taken recently of the station's music collection and it was discovered that more than twelve hundred selections are now available, with many new releases coming in every week. In addition to these, a variety of musical and dramatic programs are continually being added.

It was announced that positions are still open for prospective members who wish to participate in the station's activities. Anyone interested is invited to drop in at the station during broadcasting hours.

Monday
